Changes to CSP

- Unfortunate at best
- Entitlement Program with a Budget Cap
A **federal program** that **guarantees** a certain level of benefits to persons or other entities who meet requirements set by law, such as Social Security, farm price supports, or unemployment benefits. It thus **leaves no discretion with Congress on how much money to appropriate.**
Changes to CSP

- Unfortunate at best
- Entitlement Program with a Budget Cap
- Conduct periodic CSP sign-ups
- Will fall significantly short of expectations
